Training for Life

In accordance to the call and vision God has given us, The Way Christian Ministries seeks to prepare and equip Christians from all backgrounds, levels and abilities to enter, into and enjoy life in all its fullness. (Jn.10:10).

Although anyone may become involved, to maximise the discipleship structure to its full potential it would be best to stay in residence at Kilcreggan House for each ten weeks session or as frequently as possible.

There is a very varied and expansive time-table of activities, however each student will be prayerfully located in the areas most beneficial for them. A general time-table is included as a guide line for how each day is structured.

Orientation and Preparation

The first stages of discipleship will aim at orientation asking you to consider questions like "Who am I?" and "Where am I going?". A framework of practical and spiritual opportunities will help you to know the answers. Having begun the adventure of Christian Discipleship the next stage is preparation to live in the goodness of the answers you have discovered. Therefore, there will be many opportunities to do what you have learned!

Application

Next comes the application. How do you effectively sow back into others what you have received? How do you make disciples? (Mtt.28:19-20). For some this will mean re-location back into their own neighbourhood to shine as Jesus would.

For others this will mean visiting different communities and initiating discipleship programmes by working with local church leaders. For others it will mean pioneering new works in this nation and overseas. You will draw from the broad range of opportunities you have received to disciple others and prepare them to maximise the full sweep of life's goodness that God intends for everyone.

Cost

The cost is £150 per week full-board and lodging but does not include pocket money or the cost of overseas missions. Each semester is 10 weeks long. There are three semesters each year.
